Dear Jeff,

In the years since we began working together, I have always appreciated the fact that you, Robert Clarke and the rest of the staff at The Medicus Firm have one goal in mind, that of helping us find highly qualified physicians for Mankato and the Mankato Clinic.

Recruiting physicians has become more competitive with each passing year, and you know when I call it will be for help with our toughest searches, like the recent oncology search we finished. It was a very tough search that resulted in an outstanding physician for us! I enjoy working with Robert Clarke and I know he works hard to find people who will be a good fit for us without pressuring us to make choices.

The provider shortages we face, by all accounts, will only worsen in the future. In that regard, it isn't just the physicians you find for us, it's the communication, the research and the sense of partnership we have with The Medicus Firm that makes our relationship so valuable. Through it all, I have enjoyed working with you, Robert and The Medicus Firm and I look forward to great things in the future.

Kind Regards,

Dennis Davito  
Director, Provider Services  
Mankato Clinic
