RE: Letter of Recommendation
Mr. Marcel Barbey

To Whom It May Concern:

I am pleased to write this letter of recommendation for Marcel Barbey. Mr. Barbey was recommended by a local hospital recruiter in July of 2006. After a short interview I felt that Marcel was one of the best professional recruiters that I have worked with over the past 15 years. Marcel took the time and made a yeoman effort to understand our practice, our vision and direction regarding our search for another surgeon.

Marcel's greatest assets to our practice were his persistence, forthrightness and positive recommendations regarding this search. Even though this was a very difficult search, Marcel guided us through all of the steps to success. The Medicus Firm never gave up.

I realize that finding and signing an extremely competent surgeon in a 5 month time frame is extremely atypical. Needless to say, MISA will continue a long-term relationship with Marcel and The Medicus Firm. I highly recommend Marcel and the professionals at The Medicus Firm as your professional recruiting firm.

Sincerely,
