

August 1, 2005

Wendy N. Hanna
Business Manager
Anesthesiologists for Children
Children's Medical Center
Dallas, TX

To Whom It May Concern:

I have had the pleasure of working with Medicus Partners for just over one year. As the area's only healthcare facility that deals exclusively with children we are in constant need of pediatric trained specialists. My responsibilities are extremely diverse and I often times find it difficult to allocate the time needed to be successful in recruiting physicians from such a limited candidate pool. As a result, I decided to utilize an outside recruiting firm.

Through performing a thorough on-site practice evaluation Medicus Partners has been able to spend the necessary time with potential candidates to discuss the details of our practice opportunity and pre-qualify candidates. The candidates that I receive from Medicus Partners are informed about our practice opportunity, meet our stringent qualifications, and most importantly are interested in our practice opportunity.

Within six months of partnering with Medicus Partners we had a fellowship-trained Pediatric Anesthesiologist relocated to Dallas and practicing with AFC. Sixty days later we signed a second fellowship-trained Pediatric Anesthesiologist. Medicus Partners was helpful in all aspects of recruitment from pre-qualifying candidates to referencing to contract negotiations.

I have recently retained their services once again and feel confident in our continued success. I highly recommend Medicus Partners for your organization's recruitment needs.

Sincerely,

Wendy N. Hanna
