To Whom it May Concern:

Seton Edgar B Davis Hospital began working with Medicus Partners in 2007. Over the course of the last year Mark has always been extremely helpful in explaining market trends, advising on physician recruiting strategies, marketing strategies, and has been very pleasant to work with. I typically receive 3-5 inquiries each week from outside firms looking to sign up our hospital as clients. I simply file them away because Mark is one of the most professional, organized, systematic recruiters I have met and I am using him again for that reason. I will end up using him from now on if I have any recruiting needs in the future.

I highly recommend Medicus Partners as a company. If you have any questions please feel free to contact me.
