To Whom It May Concern:

We worked with The Medicus Firm for the recruitment of two Cardiologists for our fast paced academic medical practice. We were trying to find a Heart Failure & Transplant Cardiologist as well as an EP Cardiologist. Our recruiter did an excellent job of locating and screening applicants for their interest in academic medicine and appropriate background requirements. The Medicus Firm spent the time with me that was necessary to find out what kind of applicants I was interested in and were very diligent in properly screening them so I did not have to waste my time with candidates that were not appropriate.

Through the diligent efforts of our recruiter we have been able to secure physicians for both of the positions mentioned above. I would highly recommend The Medicus Firm to anyone needing the assistance of a very experienced recruiting firm. If the Division of Cardiology at the University of Nebraska Medical Center needs help with recruiting again we will look to The Medicus Firm for their expertise.
