To Whom It May Concern:

I am writing this letter to recommend the recruitment services of The Medicus Firm and our Recruiter, Kyle O'Connor. We engaged with The Medicus Firm to help us locate a Neurosurgeon to join our practice. The quality of candidates was so impressive that we found ourselves offering (and successfully signing) two Neurosurgeons that Medicus sourced on our behalf.

The landscape for recruiting a Neurosurgeon is very competitive and it can be difficult to find the right personality fit for a private practice. This coupled with finding someone who appreciates the Alaskan lifestyle created unique challenges. Kyle's consultation and consistent communication helped us feel a part of the process the entire way.

In closing, I feel that I can provide The Medicus Firm a positive recommendation to any hospital or private practice in need of a trusted resource in healthcare recruiting.

Sincerely,
