The Medicus Firm continues to exceed our expectations in our recruiting partnership and it's my pleasure to provide this reference letter on behalf of their efforts. Being part of a large health system, we have had the experience of partnering with many firms, and the attention to detail, thoroughness, and success are unmatched with The Medicus Firm.

We've received submissions of dozens of highly qualified physicians for consideration. Of those, we've interviewed nearly a dozen on-site, are engaged with offers to many of those, and have secured a strong Internist.

As the competitiveness of healthcare continues to increase, I believe it's important to have a resource but more importantly a true partnership with an outside firm. I strongly recommend anyone who is looking for a competitive edge to consider The Medicus Firm. Not only do they produce results, they do so in a manner driven by integrity and transparency.

Please contact me if you'd like to know more about why The Medicus Firm should be your "go-to" firm. I'm happy to share my experience and help you choose the right partner.
