To Whom It May Concern:

Because I am a one-person department with multiple specialty searches, I wanted a firm I could truly count on to get the job done, especially for very difficult specialties. I prefer to fill our opportunities in house, but as healthcare changes, the recruitment environment and candidate availability also change.

Over the past five years, I have called upon the principals at The Medicus Firm for assistance in urgent and/or difficult searches. I found the process and the results were just as promised. Besides successfully filling our openings, everyone I worked with proved to be very knowledgeable, professional and, above all, honest and upfront. I received personalized service and close attention to detail. All candidates were thoroughly screened for us, and all candidates were properly informed about our opportunities, our facility, and our community.

I have been extremely pleased with the work The Medicus Firm has done and continue to use them when the need arises. I can recommend this organization to anyone in need of a quality-focused recruitment partner that can produce results.

Sincerely,

Kathi Sinclair
