To Whom It May Concern:

We recently had the opportunity to work with the Medicus Firm and are pleased with the results thus far. Skott Harrington, a Principal Academic Recruiter for The Medicus Firm has done an excellent job of sourcing, screening, and submitting interested candidates for two academic opportunities with the Department of Psychiatry at Kansas University Medical Center in Wichita, KS.

After conducting a thorough screening and vetting process, the candidate presented by Mr. Harrington for a Child and Adolescent Psychiatrist position was not only a perfect clinical fit, but was an outstanding personality fit as well. The entire staff including the Dean, Department Chair, and academic faculty all agreed that this was caliber of candidate we were seeking. Mr. Harrington has proven himself to be a valuable asset to our team. He is extremely responsive and provides us with detailed monthly reports and consistent communication which supports our internal processes greatly in this highly competitive market.

I offer my recommendation that The Medicus Firm provides effective, quality service. We would feel comfortable recommending The Medicus Firm to any organization seeking to hire an Academic Faculty member. If you have questions about their efforts on our behalf or our experience with them, please feel free to contact us for further information.

Sincerely,

Jennifer Collins
Department Administrator
Department of Psychiatry
