RE: Letter of Recommendation

I am pleased to offer this letter as a reference for The Medicus Firm. Over the years I have worked with a number of recruiting firms, some successful and others that were not. These results have been excellent.

Our recruiter has over 10 years of experience and had strong knowledge about the region. When he visited our hospital, his profile of our opportunity was detailed and thorough, and his focus was truly on what kind of personality would be a good fit for both our medical staff and community. There are real differences between contingent recruiters who "shop doctors" compared to recruiting professionals, and The Medicus Firm recruiter is definitely the latter. He was quickly able to identify candidates, and we now have signed a FP under the 90 day window. Dr. Robert Tomasso is an excellent fit for our medical staff.

We consider The Medicus Firm a valued partner with our hospital. I would recommend them to anyone, especially hospitals serving the Mid-Atlantic region. They know how to target the right candidates and how to market opportunities like ours, and I trust they would do the same for others.

Sincerely,
