

# LONG TERM CARE SPECIALISTS

*Dedicated Physicians. Compassionate Care.*

2/15/2019

To Whom It May Concern:

Long Term Care Specialists has the pleasure of writing this letter of recommendation on behalf of The Medicus Firm, their team, and the service they provide.

Historically, we've conducted our recruitment efforts internally and not had to partner with any outside sources. For the past four years, a member of The Medicus Firm's Business Development team has been consistent and respectful in contacting me to see if that would change. With each time we spoke, met, or corresponded, I began to realize exactly why they are the leading firm in physician recruitment. Which is precisely why, when we were in an urgent situation, we turned to them.

Upon engaging The Medicus Firm, our recruiter visited for an on-site profile. I'm confident the on-site profile played an integral part in our successful partnership. Not only did it allow us to meet and build rapport with our recruiter, it also allowed us to have in-depth and consultative conversations on how to best position our opportunity.

Within days of our marketing strategy being deployed, we were presented with 4 highly qualified candidates. In a matter of just 45 days from start to finish, we signed the provider that will be the perfect complement for the group.

Prior to partnering with The Medicus Firm, we felt very confident of our decision. As anyone knows, recruitment can take a substantial amount of time, but The Medicus Firm far exceeded our expectations. So much so, that the next time we partner, we will have to tame our expectations in a realistic manner.

Our team gives the highest of recommendations to the team at The Medicus Firm. If you are looking for assistance with any recruitment needs, you will not find a more ethical, trustworthy, and dedicated firm. They will get the job done with the utmost professionalism. Feel free to contact me directly if you would like to learn more about our experience and why we have found a long-term partner.

Sincerely,

Jason Martin
