To Whom It May Concern,

I have been in physician recruiting for 7 ½ years and have found The Medicus Firm one of the best and most professional to work with.

Our system has used many contingent and retained firms through the years, but the addition of The Medicus Firm to our resources has been quite outstanding.

Everyone that we work with at TMF is both professional and personable. Not only that they get results! I was able to place an outpatient IM physician within 30 days of starting with TMF. We have now placed 2 outpatient IM physicians through TMF.

James Jones has been an outstanding client rep! He keeps in touch without being pushy and he took the time to get to know our providers, our administrator and myself so that he is better able to source for fit and understands our expectations.

The caliber of candidates is exceptional. James is great about helpful reminders without being pushy or overbearing.

I count James Jones and Jana Boyles among my best assets for work and I consider them both to be my friends.

If you have questions or want more information, I am happy to speak with you personally.

Sincerely,
