To Whom It May Concern:

I am happy to recommend The Medicus Firm's services to colleagues looking for additional healthcare providers.

Our assigned recruiter, Robert Brown, has been a great asset to our company. Our surgeons have very high standards for who they will consider becoming part of the team here in Muskegon. Robert has been respectful of our wishes but has also helped us expand our parameters, which was a healthy change for us. He has solid industry knowledge, a consultative approach, and also routinely thinks outside the box to find candidates that we might have missed.

As our company grows, so do my personal responsibilities. It has been vital to our success for me to have the ability to offload a considerable amount of burden associated with recruiting surgeons for our practice.

We have been very pleased with our experience with The Medicus Firm so far, and expect great things as we continue to work together.
