December 12, 2010

To Whom It May Concern:

I was introduced to Steve Look, from The Medicus Firm, in the spring of 2010. At that time, I was searching for an Ob/Gyn to add to my practice in Athens, Texas.

Despite the fact that my criteria for a new Ob/Gyn were very strict, Steve found a physician qualified for the position within a very reasonable time frame. Our new physician is a perfect match for my practice, as well as our community.

From the first meeting, I felt that Steve not only understood what I was looking for in a new physician, but was interested in finding a candidate that would be happy in our area long term. Steve was always very prompt with updates and made himself available during evenings and weekends to discuss any questions or concerns that I may have had.

Not only would I utilize Steve's service should the need arise, I would recommend him to my colleagues.

Sincerely,

Mark L. Eldore, MD
